Nota: Valores negativos equivalen a lugares disponibles en el Sistema Nacional Penitenciario.

\* El % se obtiene en relación de la población total de cada centro de internamiento.

\*\* Estos centros no reportan población debido a que los internos no permanecen más de 72 horas en los mismos, debido a que son trasladados a centros más grandes dentro de la misma entidad.

\*\*\* En el estado de Jalisco, la Cácel Distrital Puerto Vallarta aumenta su capacidad al pasar de 68 a 80 espacios de internamiento; mientras que la Cácel Distrital Teocatiche disminuye 10 espacios ubicándose en 20, todo esto debido a reformas, reparaciones y ampliaciones en su caso.

\*\*\*\* En Querétaro, se construyó un módulo con capacidad para 72 internos en el centro de San José El Alto.

\*\*\*\*\* Se inauguró el Centro Federal de Readaptación Social Número 3, en Matamoros, Tamaulipas; sin embargo, aún no cuenta con población penitenciaria.
